TO WHOM IT MAY CONCERN

Few people are borne to fight injustice and worldly deprivation against all odds and that too in face of personal security, social outburst and oppressive suppression. Mr. K.M. Arif is one such person, who has stood like a rock against these tides.

Courageously modest person like him needs all the moral and social encouragement and support.

Apart from his other commitments, the work Mr. Arif is doing for cancer patients is commendable. For such service funds are the essential requirements.

Dream Foundation run by Mr. Arif is helping innumerable cancer patients and it is hoped that all like minded people will help in this cause.
