July 7, 2004

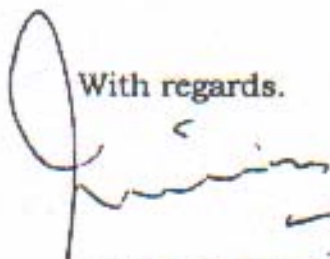

To Whomsoever It May Concern:

Mr. K.M. Aarif has been assiduously working for Communal Harmony in the city of Mumbai. He has been closely associated with me in the Mohalla Committee Movement Trust as a Trustee. Mr. Aarif has concentrated on the economic upliftment of the Muslim community, particularly the girls, through education, health and employment avenues.

Mr. Aarif has also been running the Dream Foundation for the past few years. I have visited this foundation and am witness to the good work that he has been doing for Cancer patients. At present he has over thousand cancer patients registered with the Foundation and he would like to expand the scope of his activities.

The Foundation requires funds for carrying out its good work. I know that Mr. Aarif will use any money that is entrusted to him for the good of cancer patients alone and that he can be implicitly trusted with responsible management of such funds.

With regards.

JULIO RIBEIRO
